

FOR IMMEDIATE RELEASE:

**KINGFISHER SYSTEMS, INC. ACHIEVES
INTERNATIONAL STANDARDS ORGANIZATION 9001:2015 CERTIFICATION**

FALLS CHURCH VA, August 9, 2018. AFNOR Group, an authorized certification organization for the International Organization for Standardization (ISO), has awarded the ISO 9001:2015 certification to Kingfisher Systems, Inc. The ISO brings together experts to share knowledge and develop voluntary, consensus-based, market-relevant International Standards that support innovation and provide solutions for global challenges.

Kingfisher Systems, Inc. received ISO 9001:2015 certification for the design, development, testing, implementation, and maintenance of software solutions. Kingfisher Systems, Inc. also received the ISO 9001:2015 certification in providing Information Technology Service Management (ITSM), including Information Technology (IT) infrastructure management, cybersecurity, enterprise infrastructure, Voice over Internet Protocol (VoIP) telephony, multimedia, and IT staffing services.

The ISO 9001 standard is based on quality management principles including customer focus, senior management leadership, a process-based approach, and continual process improvement. These principles ensure customers receive quality products and services.

Kingfisher Systems, Inc.'s Chief Executive Officer, Roy L. Reed, Jr., said, "Kingfisher is a leading-edge technology company who provides customers advanced, unique solutions to their often-complex technology or operational issues. We apply our experience in dynamical statistical modeling, machine learning, and the cyber threat framework to inform how we provide IT and other professional services. ISO 9001 ensures our advanced solutions to complex problems are consistent with globally accepted standards for compliance and guides operational consistency."
