

## FOR IMMEDIATE RELEASE

### KINGFISHER SYSTEMS, INC. SELECTED AS A TOP-PERFORMING SMALL TECHNOLOGY COMPANY IN GREATER D.C.

**FALLS CHURCH, VA, 21 SEPTEMBER 2020.** The Washington Business Journal selected Kingfisher Systems, Inc. (Kingfisher) as #12 on their list of **Top-Performing Small Technology Companies in Greater D.C.** Founded in 2005, Kingfisher is Small Business who provides Cybersecurity, Enterprise Information Technology, and Intelligence and National Security services to the United States Government. Kingfisher additionally provides Artificial Intelligence and Machine Learning services through their VARYSS Open Source Platform.

“This acknowledgement of our performance by the Washington Business Journal is a direct reflection of the work our exceptional team provides our Customers in the Washington, D.C. area each and every day,” says Kingfisher Chief Executive Officer, Roy L. Reed, Jr. “Our Employees are Kingfisher’s most valued asset, and it is their commitment and talent that has enabled us to perform at the highest level.”

Driven by integrity, innovation, and commitment to Customers, Kingfisher has successfully evolved on pace or ahead of the rapidly changing technology environment, enabling continued growth and overwhelming Customer satisfaction across even the most intricate contracts. “With this recognition, we will continue to provide our current and future Customers with resolute support, driving innovation across our solutions that advance how our Customers meet their IT goals,” says Mr. Reed.
