

FOR IMMEDIATE RELEASE

WASHINGTON BUSINESS JOURNAL RANKS KINGFISHER SYSTEMS, INC. AMONG  
THE LARGEST CYBERSECURITY COMPANIES IN GREATER D.C.

FALLS CHURCH, VIRGINIA, November 13, 2023. The *Washington Business Journal* selected **Kingfisher Systems, Inc. (Kingfisher)** as **#25** on their **2023** list of **Largest Cybersecurity Companies in Greater District of Columbia**. The *Washington Business Journal* is a weekly publication delivering comprehensive and in-depth coverage of the regional business landscape, trends, and insights. The *Washington Business Journal* hosts various events and awards to recognize industry leaders and foster professional connections. The *Washington Business Journal* bases the **Largest Cybersecurity Companies in Greater District of Columbia** lists on total District of Columbia metro area revenue. Kingfisher has secured multiple contract awards in the past three years, including the fourth iteration of the Desktop Management Initiative for the Defense Finance and Accounting Service; Teleport Program Integration and Implementation, Logistics, and Configuration Management Support contract for the Defense Information Systems Agency; and six cybersecurity contracts for the Department of Transportation. These achievements have enabled Kingfisher to maintain a position on this prestigious list for the second year in a row.

Established in 2005, Kingfisher is a Small Business that offers Cybersecurity, Enterprise Information Technology, Satellite Communications, Artificial Intelligence and Machine Learning, and National Security services to the United States Government. With 18 years of experience, Kingfisher delivers innovative technical solutions and unparalleled operational support that enables customers to tackle complex challenges. Kingfisher’s President, C. Damon Hecker, stated, “We are proud of our dedicated employees who deliver outstanding cybersecurity services to the federal Government. It is a great honor to be recognized once again on the list of Largest Cybersecurity Companies in the D.C.

area. This distinction reflects the excellence and professionalism of our cybersecurity team and support staff.”
